Dear Council members,

Attached you will find an updated FWC presentation and a paper written by Dan Canfield, UF/IFAS. As well, below you will find their emails that were sent to me.

Since these communications and documents have fallen between Council meetings, I will make them part of your October meeting records. I have also copied this email to your full technical advisory committee, in case other members would like to provide feedback on these subject through me to you.

If you have any questions or concerns, please direct them to me.

Thank you,
Kraig McLane

Subject: Harris Chain of Lakes Largemouth Bass Update

Kraig

After speaking with Chairman Davis we would like to provide the attached Largemouth Bass Update presentation to the council. This power point provides a summary on the status of the largemouth bass on the Harris Chain of Lakes with expanded notes. Please forward to the council members. If we can further explain the data, contact Brandon or myself at the Eustis Fisheries Research Lab 352 357 2398 or via email.
